Dear Harold,

I thought this article about Bringuer would interest you if you haven't seen it already. Looks like he and Butler are ■■ re-surfacing at the same time.

If you have any articles on the recent fracasses with the Panthers, either from the Washington papers or anywhere ■■ other than New York and Chicago, I would appreciate any that you can send me. I'm especially interested in anything dealing with a fight that four Panthers in Kansas City had with police ■■■■■ on December 5 that hardly got reported anywhere.

Going to ■■ get this in the mail now.

Russ
